?Joint Inspection by ZC and Corporators to Address Division-Level Issues – Immediate Action Initiated

“?NARRA SRINIVAS REDDY (NSR), Medchal- Malkajgiri Staff Reporter, January 22, (INDIAN CHRONICLE):“?GHMC Standing Committee Member and Charlapalli Division Corporator Bonthu Sridevi Yadav met IT Minister Sridhar Babu and brought to his attention several long-pending public issues affecting Charlapalli Division. Responding promptly, the minister issued endorsements for immediate action, following which Charlapalli Zonal Commissioner Radhika Gupta conducted a field inspection to assess the problems on the ground. It was stated that under the leadership of Chief Minister Revanth Reddy, public issues are being given priority and development works are receiving swift approvals. Bonthu Sridevi Yadav said that the government’s proactive approach has enabled faster execution of essential infrastructure projects in the division. On behalf of the residents of Charlapalli Division, she expressed gratitude for the continued support towards local development. Key Issues Identified“?Storm water drainage works in Reddy Colony Construction of multiple CC roads in EC Nagar Road development works in several lanes of Bin Reddy Nagar The corporator informed that concerned officials have been instructed to accord sanctions and complete the works at the earliest. Residents of the respective localities expressed their appreciation to Bonthu Sridevi Yadav for her consistent efforts in addressing civic issues and ensuring the implementation of development works in the division.

Rulers should solve public problems irrespective of political parties.

““Secunderabad Cantonment. January 22 (Indian Chronicle):“Former Vice President of the Cantonment Board, Jampana Pratap, expressed his anguish, Rulers should solve public problems irrespective of political parties.” stating that water scarcity and underground drainage problems are increasing day by day in the slums under the Cantonment Board's jurisdiction. Speaking at a press conference held at Gayatri Garden in Diamond Point on Thursday, he said that the

electricity department officials are disconnecting the power supply to the power borewells installed in the slums because the Cantonment Board is not paying the electricity bills. He said that when he questioned the electricity department officials about this, they stated that despite writing letters to the Cantonment Board CEO four times regarding the payment of borewell electricity bills, they have not received any response. He added that due to the accumulation of silt in the underground drainage pipelines, sewage water is overflowing onto the roads in the slums, causing severe stench and numerous difficulties for the residents, leading to them falling ill. He mentioned that booking a Gulfer machine to resolve the problem costs Rs. 1500. Furthermore, he expressed his distress over the plight of the victims who are losing their buildings and properties due to the expansion work being carried out as part of the state government's prestigious elevated corridor projects. He said it is atrocious that while people are losing their buildings, the authorities are imposing a 300 percent higher property tax burden on them and pressuring them to pay the tax immediately. He stated that water bills ranging from 50,000 to 70,000 rupees have been issued to each of the poor residents of Mahatma Nagar in New Bowenpally, and questioned how these poor people could afford such a large amount. He requested that these bills be reduced immediately. He urged the local MP, MLA, and the nominated board member to raise the issues faced by the people at the board's governing body meeting scheduled for the 23rd of this month and to ensure that the problems are resolved. He expressed his confidence that if the MP and MLA bring the people's problems to the attention of the board, the issues will definitely be resolved. Leaders like Shakeeb, Ajeeth, Rama rao, Raju, Shiva and others participated in this meeting.

Underground drainage works worth Rs15 lakhs commenced.

““Secunderabad Cantonment. January 22 (Indian Chronicle):“On Thursday, Cantonment Board nominated member Banuka Narmada inaugurated the underground drainage pipeline works in the ICRISAT colony, which are being undertaken with ?15 lakhs from the board's funds. Speaking on the occasion, she said that during her previous tenure as vice-chairperson, she had undertaken several development programs in the colony. She mentioned that due to the small size of the existing drainage pipeline in the colony, the drainage frequently overflows, causing severe difficulties for the residents as the wastewater does not flow smoothly. She added that a senior police officer, Charu Sinha, had brought the drainage problem to her attention, and she immediately responded by informing the Cantonment CEO. She stated that the CEO responded promptly and released the work order, allowing the works to begin. She said that she would provide support to expedite development works in the future with the cooperation of

MP Eatala Rajender. Regarding the Cantonment Board, she requested that development programs in the Cantonment area should not be halted until a decision is made, whether it be elections or a merger. She stated that holding protests in the name of a merger would create obstacles to development works. She suggested that efforts should first be made to ensure the release of the TPT dues owed to the Cantonment from the state government, and that everyone should work together to raise funds and move forward with development programs. She said that the recent remarks made by the MLA were regrettable, and that his speech at the hunger strike venue was like that of someone who had lost their sense of reason, adding that leaders in responsible positions should exercise restraint. Icrisat Colony Welfare Association President Someswara Rao, Secretary Shivakanth Goud, Narsing Rao, Bhaskar, BJP 6th ward president Pratik Jain, Banala Srinivas Reddy, and others participated in this program.

New 33/11 KV substation at Gudam to stabilise power supply

“Taj Khan, Kaghaznagar, January 22 (Indian Chronicle)““Telangana Deputy Chief Minister Bhatti Vikramarka Mallu on Thursday laid the foundation stone for a newly proposed 33/11 KV power substation at Gudam village in Chintalamanepalli mandal, at a programme held at the district headquarters.“Participating in the

foundation-laying ceremony, Palvai Harish Babu, MLA from Sirpur, said the new substation would significantly improve voltage stability not only in the remote interior villages of Chintalamanepalli mandal but also in several villages of Bejjur mandal.“He stated that the project would address long-standing power fluctuations faced by residents in border and forest fringe areas, thereby supporting domestic needs, agriculture, and small businesses.“The event was attended by Kova Laxmi, MLC Dande Vithal, District Collector K. Haritha, Additional Collector Deepak Tiwari, Sub-Collector Shraddha Shukla, and other officials.

Widespread Steroid Use Emerging as a Key Trigger for Secondary Glaucoma, Say Doctors

Hyderabad Doctors across India are raising concern over the widespread and often unsupervised use of steroids, warning that it is emerging as a major trigger for secondary glaucoma, a sight-threatening condition that can lead to irreversible blindness. Steroids commonly used for allergies, skin conditions, respiratory illnesses, and even as over-the-counter eye drops can significantly raise eye

pressure when used for prolonged periods, often without patients realizing the long-term damage being caused to the optic nerve.

India is already home to an estimated 12–13 million people living with glaucoma, accounting for nearly one-sixth of the global burden. Globally, glaucoma affects around 75–80 million individuals, a number expected to rise beyond 110 million by 2040. Despite being the leading cause of irreversible blindness worldwide, glaucoma remains vastly underdiagnosed in India.

A particularly alarming concern is that 85–90% of glaucoma cases in the country remain undiagnosed. The disease progresses silently, and by the time symptoms become evident, irreversible optic nerve damage has often already occurred. Late diagnosis results in avoidable vision loss, reduced quality of life, and significant socioeconomic impact.

“We are seeing a noticeable rise in steroid-induced glaucoma, particularly in patients who use steroid medications or eye drops without medical supervision,” said Dr. KKS Chakravarthy, Head – Clinical Services, Dr Agarwals Eye Hospital, Vijayawada. “What makes this dangerous is that patients feel symptom-free initially, while eye pressure continues to rise silently, causing permanent damage”, he adds.

Over the past two to three years, doctors have reported a notable rise in diagnosed glaucoma cases, driven by an ageing population, a higher prevalence of diabetes and myopia, advancements in diagnostic technologies, and improved public awareness. However, experts caution that a growing proportion of cases are linked to secondary glaucoma caused by prolonged or unsupervised steroid use—an avoidable risk factor if identified and addressed early through timely screening and medical guidance.

NIFTY EPS CAGR at 14.8% over FY26–28, Budget to focus on Structural reforms: PL Capital

Hyderabad: According to PL Capital’s India Strategy Report, Indian equity markets have turned largely range-bound after giving up most of their recent gains, amid rising global geopolitical risks and persistent tariff-related uncertainties with the US. However, domestic demand indicators and macro fundamentals continue to show resilience, supported by policy-led tailwinds.

It notes that NIFTY has shed most gains made in past couple of months and has been largely flattish. Global geopolitics is redrawing global power and business equations leading to significant increase in business uncertainty, In addition India’s sustained tariff row with the USA is disturbing the market momentum.

However, domestic demand outlook and macro indicators still continues to show sustained traction in 3Q and beyond as benefits of cut in interest rates, GST rationalization, income tax cuts, low inflation have started to show in improved consumer sentiments and demand.

Mr. Amnish Aggarwal, Co-Head Institutional Equities, PL Capital said “We expect economic momentum to be sustained as the benefits of strong tailwinds—arising from income tax rate cuts, a cumulative 125 bps cut in the repo rate, normal monsoons, decade-low inflation, and GST rate rationalisation—carry forward into next year. As the 2027 Budget approaches, the focus is likely to shift towards structural economic reforms, with limited room for major tax concessions following last year’s significant increase in tax slabs and GST rate cuts.”

Accordingly, PL Capital has revised NIFTY earnings estimates marginally, with FY26/27/28 EPS adjusted by -2.6%, -2.4% and +1.0%, respectively. Despite near-term caution, NIFTY EPS is projected to grow at a 14.8% CAGR over FY26–28. The brokerage values the NIFTY at a 3% discount to its 15-year average P/E, arriving at a 12-month target of 28,814, down from 29,094 earlier.

However, PL Capital remains cautious in the near term and expects large caps to continue to outperform, having delivered returns of 16–17% over the past 12 months. It expects domestically oriented sectors such as banks, NBFCs, autos, select staples, jewellery, defence, select durables and metals to outperform over the near to medium term.

PL Capital notes that 3Q26 has shown a mixed demand scenario. Auto demand has been robust as GST rationalization has boosted demand across segments of 2W, PV, CV and tractors. Jewellery demand has been robust with 30–40% industry sales growth despite 65% higher gold prices YoY. Consumer Durables have seen tepid response after GST rationalization so far while apparel and footwear have been mixed. Travel demand has been decent, sans some impact of Indigo Airlines flight issues in Dec25. Consumer Staples has seen gradual pickup

in demand post inventory rationalization got over by mid-November. Rural demand remains steady and is growing ahead of urban demand, urban sentiment has shown steady improvement in the past few months with hopes of further pick up in coming months.

MLA's relay hunger strike enters its 3rd day.

““Secunderabad Cantonment. January 22 (Indian Chronicle):“The relay hunger strike undertaken by MLA Sri Ganesh for the merger of the Cantonment Board reached its third day on Thursday. Residents of Rasoolpura and Narayanajopidi

double-bedroom housing colonies, along with a large number of women from various parts of the constituency, joined the relay hunger strike and expressed their solidarity with the MLA. Speaking on the occasion, the MLA said that the only way for all eight wards of the Cantonment constituency to develop in all aspects is to merge them with the municipal corporation. He stated that the areas under the Cantonment Board, which are under the control of the central government, have remained underdeveloped and in a deplorable condition for many years. He demanded that the central government initiate and complete the merger process to develop this area. He warned that otherwise, they would launch large-scale protests with the support of all the people of the constituency. Local women, several Congress leaders, and others participated in the program.

Tata Play Binge Introduces ‘Shots’

The World’s First Destination Aggregating Micro-dramas

Hyderabad: Tata Play Binge expands its universe with a brand-new content category: Shots, a curation of mobile-only, vertical micro-dramas designed for quick, immersive entertainment on-the-go. Available at no additional cost to all Tata Play Binge subscribers, Shots is a dedicated micro drama hub, bringing together stories designed for life’s in between moments, showcasing content from multiple creators and partners.

Featuring 1–2 minute episodes optimized for mobile viewing, Shots transforms everyday moments such as commutes, queues, and short breaks into engaging entertainment opportunities. At launch, the category offers over 160 micro-dramas across action, drama, and thriller genres, powered by content partners including Bullet and STAGE, with more partners to be added in the coming months. Together, they contribute over 110 hours of short-format content.

The experience is built entirely for vertical consumption, with a scroll-friendly interface, auto-next playback, and intuitive discovery. Shots is accessible within the Tata Play Binge app through dedicated home-page rails and a standalone Shots section, enabling viewers to discover and watch snackable stories seamlessly, without switching apps or managing additional subscriptions.

At launch, Bullet and STAGE bring a diverse slate of micro-dramas across Hindi and key regional languages including Tamil, Telugu, Bengali, and Marathi. Select titles on Shots include Ishq Kills, Divorce Ke Liye Kuch Bhi Karega, Rent A Boyfriend, and Main Hoon Aprajita (Hindi); One Last Ride (Telugu); and regional micro-dramas such as 12vi Aala Pyar and Gaurav Ki Sweetie (Haryanvi), along with Aafat Ya Pyar and Horror Haveli (Rajasthani).

Sharing her thoughts on the debut of the new content category, Pallavi Puri,

Tata Play’s Chief Commercial and Content Officer said, “Short form, vertical storytelling has quickly moved into the mainstream and is now one of the most popular ways people watch content on mobile. As viewers shift toward quicker, more frequent watch sessions, we’ve focused on creating formats that align with these evolving habits. Shots is a natural extension of this—bringing micro dramas from multiple partners into one seamless destination. By making quality, mobile first stories available at no extra cost, we’re not only supporting evolving viewer habits, but also helping our content partners reach wider audiences through a unified aggregation platform.”

MG SELECT unveils the Cyberster in a New Signature Hue

Hyderabad JSW MG Motor India, through its luxury brand channel MG SELECT, today unveiled Irises Cyan, a new signature exterior finish for the Cyberster- World’s Fastest MG. Precisely calibrated to enhance the roadster’s sculptural presence, Irises Cyan introduces a distinctive blue-green expression that amplifies both its aerodynamic form and performance-led character.

Rooted in the lineage of the iconic MG B Roadster, the MG Cyberster draws from a legacy defined by design purity, motorsport spirit, and emotional driving

engagement. This heritage translates into a contemporary roadster that balances classic proportions with performance. Its sculpted silhouette, accentuated by dramatic electric scissor doors and a soft-top—creates a seamless dialogue between nostalgia and modernity, positioning the Cyberster within the upper echelon of luxury performance roadsters.

MG Cyberster’s Irises Cyan goes beyond a color choice. It brings out a sense of confidence and creativity while reflecting the car’s progressive character and staying true to its performance driven DNA,” said Milind Shah, Head - MG SELECT, JSW MG Motor India. “At MG SELECT, design guides every decision we make. Each addition is intentionally developed to offer greater individuality and a heightened sense of luxury, allowing customers to build a stronger personal connection with their Cyberster”.

In addition to Irises Cyan, the Cyberster is offered in a curated selection of dual-tone colors. The high-energy Nuclear Yellow and Flare Red are paired with a contrasting Black roof, while the understated elegance of Andes Grey and Modern Beige is elevated by a distinctive red roof, each combination designed to complement the roadster’s dynamic proportions and visual drama.

SAIC Motor, a global Fortune 500 company with a presence in over 100 countries and JSW Group (India’s leading conglomerate with interests across B2B and B2C sectors), formed a joint venture - JSW MG Motor India Pvt. Ltd. in 2023. The joint venture aims to build an innovative and sustainable automotive ecosystem while continuing to stay focused on developing a diverse portfolio of vehicles to give car buyers better access to advanced technologies and futuristic products with attractive value propositions. JSW MG Motor India Pvt. Ltd. is committed to introducing world-class technology, strengthening the manufacturing landscape, best of innovation across its business operations, and generating significant employment opportunities through extensive localization.

Corporator Launches Rs. 17 Lakh Underground Drainage Works in Kapra Division: SWARNARAJ SHIVAMANI

NARRA SRINIVAS REDDY (NSR), Medchal- Malkajgiri Staff Reporter, January 22, (INDIAN CHRONICLE):“?”?“?Kapra Division Corporator Swarnaraj Shivamani on Tuesday inaugurated new underground drainage (UGD) pipeline works worth Rs. 17 lakh in CS Nagar and Sai Baba Officers Colony. As part of the project, UGD pipeline works costing Rs. 10 lakh are being taken up in CS Nagar, while works worth Rs. 7 lakh have been sanctioned for Sai Baba Officers Colony. The corporator performed the ground-breaking ceremony marking the commencement of the works. ?Speaking on the occasion, Swarnaraj Shivamani said that the objective is to transform Kapra Division into one of the most developed divisions in Greater Hyderabad. He stated that development-oriented governance has enabled the division to secure necessary funds for essential infrastructure projects. He also noted that Uppal Assembly Congress In-charge Mandumula Parameshwar Reddy has been extending continuous support by facilitating funds for resolving division-level civic issues. Kapra Division Congress President Kobbanuri Naga Seshu said that development activities in the division have gained momentum under the Congress government. He added that the coordinated efforts of Mandumula Parameshwar Reddy and Corporator Swarnaraj Shivamani are setting a clear development path for Kapra Division, with a focus on public welfare. Representatives of the Residential Welfare Associations of CS Nagar and Sai Baba Officers Colony expressed satisfaction over the initiation of the promised works and welcomed the commencement of development activities in their localities. They felicitated the corporator and Congress leaders in appreciation of their efforts. Several Congress leaders and party functionaries participated in the programme, including Medchal–Malkajgiri District SC Cell President Pathi Kumar, Medchal District Agriculture Market Committee Vice-Chairman Vithal Naik, Director Poornayadav, former Director Kobbanuri Nagaraju, and senior Congress leaders Padamati Mallareddy, Baburao, Tanneeru Srihari, Rakesh Yadav, Murali, Thotakura Srikanth, Macha Srikanth Goud, Jagadish Goud, Rizwan Khan, K Raju, Sathireddy, Prashanth Goud, Tillu Yadav, Imran, Surender Reddy, Santosh Chary, Somnath, Jyothi and Lakshmi. Representatives of the CS Nagar and Sai Baba Officers Colony RWAs, including Raghuram Reddy, Archana and Jagadeesh, were also present.

CPM in the fray for Pochampally Municipal Elections:- CPM District Secretary MD Jahangir

“(Mandava Srisailam... Yadadri Bhuvanagiri District Bureau... Indian Chronicle... January 21):- CPM District Secretary MD Jahangir called upon the people to elect the CPM candidates who are contesting in the Pochampally municipal elections and who have been continuously fighting for public issues. Speaking as the chief guest at the CPM Municipal Town General Body meeting held on Thursday at the Pochampally CPM office, under the chairmanship of town committee member Waddepalli Yadagiri, Jahangir stated that the CPM party will be contesting for the councilor positions in four strong constituencies in the Pochampally municipal town. He urged the people to elect the CPM candidates who have been continuously conducting movements and struggles for the comprehensive development of the town since its formation. He called upon the people

to teach a fitting lesson to those who are coming to deceive the public with money and muscle power for their selfish political interests, without any understanding of the people's problems. He demanded that the houses removed from the prohibited list (POB) in the municipal town be regularized immediately.

He said that this is a testament to the negligence of the rulers, and questioned why houses built 40 to 50 years ago were included in this list, calling it the folly of the rulers. He requested that the removed houses be regularized immediately. They criticized that even after Pochampally was formed as a municipal town, the previous rulers failed to properly address basic issues such as roads, drinking water supply, and sanitation in all the wards of the town. They said that many poor people living in the town are still facing difficulties due to the lack of houses and house plots. They added that handloom weavers and various organized and unorganized workers in the town are also facing problems due to the lack of basic amenities in their residential areas. They stated that if the CPM candidates are elected in the upcoming municipal elections, they will lead the fight to resolve these issues. Also present at this meeting were CPM State Committee member Kondamudugu Narasimha, District Committee member Kota Ramachandra Reddy, Mandal Party Secretary Committee members Manchala Madhu, Town Committee members Guduru Ram Reddy, Bugga Laxmaiah, Bethi Kamalamma, Ponnamani Krishna, and members Venkat Reddy, Narayana, and others.

Advocate Jilani appointed as Tandur constituency INTUC president

“Indian Chronicle, Tandur (January, 22)“Advocate Jilani was appointed as the president of the Indian National Trade Union Congress (INTUC) for the Tandur constituency. The appointment letter was handed over to him by MLA Manohar Reddy and District Congress Party President Dharasingh at the MLA's camp office on Wednesday night.“Speaking on the occasion, Advocate Jilani expressed his gratitude to MLA Manohar Reddy, DCC President Dharasingh, RBOL CEO Buyyani Srinivas Reddy, Agricultural Market Committee Chairman Patlolla Bal Reddy, Congress Party town president Habib Lal, Abdul Rauf, Amir Abdullah, and Prabhakar Goud for appointing him as the INTUC president.“Jilani assured that he will work towards resolving the issues of labourers and protecting their rights.

“Arrive Alive” Road Safety Awareness Programme Conducted at Medipally

NARRA SRINIVAS REDDY (NSR), Medchal- Malkajgiri Staff Reporter, January 22, (INDIAN CHRONICLE): “Here is a clean, professional English news script, suitable for an English newspaper, with no honorific/respect words, and slightly improved for clarity and flow: “With the objective of creating greater public awareness on road safety, a special awareness programme titled “Arrive Alive” was conducted as part of the Road Safety Campaign–2026 under the supervision of Medipally Police, at the D-Mart premises, with the participation of cultural artist teams. “Through this programme, the importance of individual responsibility in preventing road accidents was effectively communicated to the public. Well-known artists and cultural troupes delivered powerful messages on traffic safety through street plays, songs, skits and creative performances, making the message easy to understand and impactful for people of all age groups. The awareness campaign focused mainly on key road safety issues such as wearing helmets, using seat belts, avoiding drunk driving, controlling over-speeding, and ensuring the safety of pedestrians and students. The central message of the programme was to instill the belief that every individual should reach their destination safely and responsibly. The programme emphasized that road accidents can be reduced only through active public participation and strict adherence to traffic rules. As part of the initiative, students, D-Mart employees and apartment association members were clearly informed about traffic regulations and encouraged to follow them

strictly. Participants also took a pledge to obey traffic rules and promote road safety. Around 200 people participated in the “Arrive Alive” awareness programme, making it a meaningful step towards building a safer and more responsible road culture.
