The 4 labor codes brought by the Modi government, the VB-G Ramji Act, the Electricity Amendment Bill, and the Seed Act should be immediately withdrawn: - Telangana Agricultural Workers' Union State Secretary Kondamadugu Narasimha calls Repel the attack of the central BJP government on the labor and agricultural community..

“(Mandava Srisailam..Yadadri Bhuvanagiri District Bureau... Indian Chronicle... February 12): - Telangana Agricultural Workers' Union State Secretary Kondamadugu Narasimha has demanded that the 4 labor codes brought by the Modi government, the VB-G Ramji Act, the Electricity Amendment Bill, and the Seed Act should be immediately withdrawn and repealed. They called on the workers, farmers, and agricultural laborers to unite and repel the attack of the central BJP government on the labor and agricultural community. As part of the nationwide strike of labor, farmers and agricultural labor unions against the policies of the central government across the country on Thursday, hundreds of workers under the auspices of CITU, Telangana Rythu Sangam and Telangana Agricultural Labor Unions held a rally in Bhoodan Pochampally town from the CITU office to Bhuvanagiri Square in the town and organized a two-hour Rastaroko program to protest against Modi's policies. CITU Mandal Convener Manchala Madhu presided over the meeting organized on this occasion, while Narasimha participated as the chief guest of the program and said that since 1992, the burdens on all sections have been increasing day by day since the implementation of liberalization, privatization and new economic policies. He criticized that during the last ten years of Modi's rule, reforms were implemented rapidly, corporate powers were given a boost, and burdens were imposed on all sections, making the lives of the people miserable. He said that the central BJP government has brought 4 labor codes that deprive the working class of its basic rights under pressure from corporates. He expressed his concern that with this, the workers

will lose their right to organize, strike and even their basic rights to bargain. He said that the Modi government is ready to turn the working class into slaves like in the British era. He said that the central BJP government has brought 4 labor codes to privatize huge public sector industries, implement reforms in insurance, banking and industries, and tie up the country's wealth with ten big corporates like Adani and Ambani. He said that large industries, mines and the sea coast in the public sector are being handed over to corporates. He said that India is still an agricultural country and more than 60 percent of the people depend on agriculture for employment and live on very low incomes. He criticized that in these circumstances, there is no remunerative price for the farmers and in these circumstances, the Electricity Amendment Bill is being brought and subsidies are being reduced. He criticized the new VB-G Ramji Act for not protecting the rights of agricultural workers through the employment guarantee scheme. He criticized that the decision to have the state government bear 40 percent of the funds in this act means gradually weakening the employment guarantee law and making agricultural workers unemployed. He said that Trump's tariffs were introduced to turn the working class and farmers in India into slaves and suck their blood like water lilies. He criticized that it is weakening India and damaging its sovereignty and that America is telling our country where to buy crude oil. He said that if the trade agreement signed with America opens the doors to American corporate agriculture and allows them to sell their crops, milk, cotton, soybeans and oil in our country, our farmers will go bankrupt and commit suicide again.

Narasimha called on the working people of all sections to prepare for struggles against such Modi's destructive policies. Also present at the event were District Assistant Secretary of the Farmers' Association Kota Ramachandra Reddy, Mandal Secretary of the Agricultural Workers' Association Prasadam Vishnu, and CITU Urban Convener Vaddepalli Yadagiri. Gifts protest in 10th ward

“Aswaraopet, February 12: If you thought the municipal election war that has been going on for the past few days in Aswaraopet Municipality of Bhadradi Kothagudem district ended yesterday, it has become doubly more intense today. The ruling party's 10th ward candidate, Minda Haribabu, misbehaved with the ward members and demanded that they return the 2500 cash and gifts given to him by those who did not vote for him; the ward members put the gifts on the road and protested. We asked for money and gifts; you came and woke up the sleeping people and gave them to us, so why are you talking like this now?, the ward members protested. And is this the work of Congress Party candidate Ninda Haribabu? “Or is it because of the opponents? “It is in an incomprehensible situation. “Minda Haribabu's response “Reacting to this, Minda Haribabu said that everyone knows what kind of person I am; some people could not stand my growth,

and some people knew that people were blessing me in the upcoming election counting tomorrow, and this is one of the attempts of some people to make fun of me. Please do not believe this; you all know about me. In the past, I won as a ward member in Perai Gudem Panchayat and served the people a lot as an upasarpnach for five years, he said. Knowing that I am going to win for the third time, some people could not bear it and started campaigning against me, disparaging me and making me lose my place in public service, he said.
