““We will block the public hearing scheduled for the 28th regarding the mining crusher mill setup... Kondamadugu Narasimha”“ (Yadadri Bhuvanagiri District Bureau – Indian Chronicle – July 26): Kondamadugu Narasimha, District Secretary of the Telangana Agricultural Workers Union, has demanded that the government cancel the proposal to establish a stone crusher mill on Naragutta—a hill located between the villages of Tokkapuram, Ghouse Nagar, Erramballi, and Namatpalli in Bhuvanagiri Mandal. In a statement, he urged the District Collector to cancel the public hearing scheduled for the 28th of this month, warning that otherwise, they would mobilize people from all walks of life to block the process. He noted that, according to both official and unofficial figures, there are already over 40 stone crusher mills and quarries operating across various mandals in the district, particularly in areas like Bhuvanagiri, Bhoodan Pochampally, Choutuppall, Turkapally, and Bibinagar. He further stated that local residents are suffering due to environmental pollution caused by these stone crusher mills. It was stated that the crushing of rocks and their subsequent transport by lorries release massive amounts of micro-dust into the air, creating conditions where the areas surrounding the crushers are constantly shrouded in dust, severely impairing visibility. Concerns were raised about the health impact of continuous dust inhalation, noting that local residents—particularly children and the elderly—are suffering from respiratory ailments such as asthma and bronchitis. It was

pointed out that doctors warn of a high risk of developing 'silicosis'—a life-threatening lung disease caused by rock dust—as well as eye irritation and skin allergies. Furthermore, the operation of heavy grinding machines and breakers causes severe noise pollution day and night, leading to sleep deprivation, hearing impairment, and increased mental stress among locals. Distress was also expressed regarding the damage to agriculture and reduced crop yields, the depletion of groundwater, and the loss of local biodiversity as natural hills and hillocks disappear. Finally, it was noted that the constant movement of heavily loaded tippers and lorries destroys rural roads, while speeding vehicles, falling rock fragments, and rising dust clouds pose a serious risk of accidents for two-wheeler riders and the general public. Narsimha called upon the people to rise up against the construction of such a hazardous stone crusher.

Salaries Must Be Paid on the First Day of Every Month: AITUC State President M.D. Yusuf

“Khammam July -26 Indian Chronicle “AITUC Telangana State President M.D. Yusuf demanded that the State Government ensure salaries are paid to Gram Panchayat workers on the first day of every month. He questioned Chief Minister A. Revanth Reddy, asking why the government, which claims at every public meeting that salaries are being credited to employees and workers on the first of every month, has failed to implement the same for Gram Panchayat workers. “He stated that nearly 54,000 workers are employed in around 12,000

Gram Panchayats across Telangana and urged the government to ensure timely payment of their salaries every month. “Yusuf pointed out that since 1986, not a single permanent recruitment notification has been issued for Gram Panchayat workers, which, he said, reflects the continued discrimination faced by these employees. called for ₹10 lakh insurance coverage in the event of a natural death and the immediate extension of Provident Fund (PF) and Employees' State Insurance (ESI) benefits to all Gram Panchayat workers. “Expressing concern over the plight of workers, Yusuf said many employees spend two to three decades in service but are forced to retire at the age of 60 without any financial security. He demanded that every retiring worker be paid a one-time gratuity of ₹10 lakh. “He further urged the government to provide promotions to the post of Panchayat Secretary based on merit and eligibility and to include Gram Panchayat workers under the benefits of the upcoming Pay Revision Commission (PRC). “The meeting was attended by AIKS State President Bhagam Hemanth Rao, CPI Khammam District Secretary Dandi Suresh, Kothagudem Mayor Moogu Ganesh, AITUC State Secretary Singu Narasimha Rao, State Executive Member B.G.
