

Collective effort needed to make Karimnagar drug-free: Additional Collector.

Karimnagar September 25, Khaja Sikandar Mohiuddin (Correspondent): Additional Collector Srinivas Reddy has called for coordinated efforts by all stakeholders to curb drug abuse and make Karimnagar a drug-free district.

Addressing a district-level Narcotic Coordination Committee meeting at the Collectorate here on Friday, Mr. Srinivas Reddy directed officials to step up awareness programmes in schools and educational institutions to sensitise students about the harmful effects of narcotic drugs.

He said the coordinated efforts of the Police, Excise, Women Development and Child Welfare departments in preventing drug abuse were yielding positive results. The Police and Excise officials should intensify surveillance and take stringent action against drug use and the illegal sale of narcotic substances, he said.

Additional DCP Venkataramana said the Police Department was taking sustained measures to check the use and circulation of drugs in the district. Regular checks were being conducted at hostels and bus stands as part of the efforts, he said.

He urged people to share information with the police regarding drug consumption, sale and other related activities, and said concerted efforts were being made to eliminate the sources through which drugs reached users.

Later, Mr. Srinivas Reddy and other officials unveiled a poster and booklet on the Maintenance and Welfare of Parents and Senior Citizens Act.

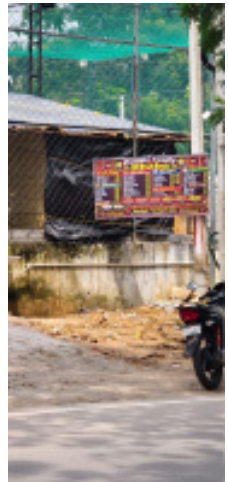

District Welfare Officer Saraswathi, District Education Officer Chaitanya Jaini, District Medical Officer Rajagopal, and officials of the Police, Excise and other departments attended the meeting.

Protect the Football Grounds.. Stop the Alleged Illegal Dhaba!

“Alwal, September 25 (INDIAN CHRONICLE)“BJP Telangana State Executive Member K. Srinivas Varma has demanded that the Old Alwal Football Ground and Mangapuram Football Ground be protected and used exclusively for sports activities. “He said local residents had fought for years

to safeguard these grounds and had strongly opposed the previous government’s decision to lease the playgrounds to private individuals. He alleged that attempts are now being made to establish and operate a dhaba and conduct commercial activities on both football grounds without the required permissions. Srinivas Varma questioned the use of sports grounds for commercial purposes and urged the concerned authorities to immediately conduct a detailed inquiry into the matter. He sought clarification on who had permitted the establishment of the dhaba and called for the facts to be brought before the public. He further demanded that the earlier lease agreements concerning the grounds be cancelled

and that the grounds be handed back to the sports organisations or individuals who had been maintaining and protecting them for years. He also called for the immediate closure of the alleged unauthorised dhaba and demanded that the football grounds be strictly reserved for sports activities. Srinivas Varma warned that if the authorities failed to take immediate action, local residents and sports enthusiasts would organise a large-scale protest.

Pioneering Pedagogy Meets Academic Excellence: Chityala Sahith Kumar Awarded 'Bharat Guru Ratna 2026'

“HYDERABAD, INDIA — September 25, 2026 — Viewing the teaching profession not merely as a vocation but as a noble calling, Mr. Chityala Sahith Kumar has rendered extraordinary service to primary education through profound empathy, patience, and meticulous dedication, earning widespread acclaim from both students and parents. “Transcending conventional instructional frameworks, Mr. Sahith Kumar advocates for activity-driven and experiential learning method-

ologies, effectively transforming students into active participants within the learning ecosystem. His signature approach integrates games, structural models, and self-designed Teaching Learning Materials (TLM) to cultivate an engaging, stress-free, and joyful learning environment. “Beyond classroom instruction, he serves in the capacity of Mandal Resource Person (MRP) and District Resource Person (DRP), actively orchestrating teacher-capacity building initiatives and disseminating innovative instructional paradigms across the fraternity. “In solemn recognition of his distinguished contributions to the educational landscape, the Sharada Educational Society (Regd No. 2214/2006) conferred upon him the prestigious national-level 'Bharat Guru Ratna Award – 2026'. “The grand conferment ceremony convened on September 6, 2026, at the iconic Paidi Jairaj Hall, Ravindra Bharathi, Hyderabad. M Inaugurated Pitripaksha Fair in Gayaji

Journalist-Ajay Kr Mishra “BETTIAH/BIHAR SEPTEMBER 25(INDIAN CHRONICLE)“ “CO On Friday the Chief Minister Samrat Chaudhary inaugurated world famous Pitripaksha fair in Gayaji and addressed a gathering. As the fair has been organised from 25 September to 10 October 2026.”

As the C M said that the renovation of Vishnu pad temple would be completed on the expenses of 3.50 crore .As the Vishnu Pad temple would be the centre of pilgrims for both India and abroad. During the period of Pitripaksha a surging crowd assemble in Gayaji to offer 'Pind Daan' of the departed soul of their ancestors with a hope for their salvation (Moksha) For this purpose the people from abroad also arrive in Gayaji. For their facilities the government has provided the installation of 2500 tents in Gandhi Maidan Gayaji besides hotels and Dharmashals .For the safety of the devotees 43 CCTV Cameras have been in stalled in Vishnu Pad Temple where as 94 Cameras installed in the railway station area of Gayaji.”

He further said that the government would launch a plan to make the Falgu river from a curse and water would be supplied in this river. As the former CM of Bihar Nitish Kumar tried to supply water in the Falgu river from the Gamga during the period of Pitripaksh fair .To attract foreign devotees or pilgrims and tourists the government would do the development work regarding Gaya Air Port. After the development of the air port the economy of Gayaji town would be increased. As the investment of 20.000 crore would come to Gayaji and the government would provide 1700 Acres land to industrialists .His government would make the economy of Bihar strong so he urged the Jivika Didi of Bihar to come forward in such schemes of the government. The participation of One crore Jivika Didi would make the economy of one crore families strong in Bihar.”

The CM further said that his government had done a lot for the development of Bihar. As the government has opened 700 model schools in Bihar to provide better education on grass root. As 211 Degree colleges have started in every blocks of the state .Now the recruitment of teachers has been completed for all the Degree colleges of Bihar. After that the students of rural areas who belong to middle class and down trodden class would be able to get quality based education in their localities. To provide good educational qualities the government has provided them the facilities of 'Vidyarthi Sarthi App' and several students get the benefit of that App. As on Sunday about 2 lacs students get the benefit of the 'Sarthi App.' Others who were presented on this occasion as the Central Minister Jitan Ram Manjhi. The Dy CMs of Bihar etc.”

As it is noted that Gayaji is located on the sacred Phalgu River in Bihar which is one of the most significant pilgrimage sites. The religious and philosophical importance of Gayaji is described in ancient epics and Puranic literature .As the centre of Hindu devotion in Gaya is the Vishnupad temple which houses a 40 Centemetre footprint of Lord Vishnu stamped into a solid basalt block. As the sanctity of Gaya is also found in the Ramayan .It is clearly written that Lord Ram along with his wife Sita and brother Lakshman visited Gaya to perform the Pind Daan for his deceased father king Dashrath. As Lord Buddha also got divine light under a Bodhi tree near Gayaji and the place is known as Bodh Gaya where the pilgrimages of India and abroad always visit and offer their pyayer.”

Hyderabad Ganesh Immersion Process to Be Completed by Dawn: Sajjanar

“Hyderabad Correspondent, September 25 (Indian Chronicle): The Ganesh immersion process across Hyderabad was proceeding peacefully, with authorities working to complete the remaining immersions by dawn, Hyderabad Police Commissioner V.C. Sajjanar said on Friday. Sajjanar reviewed the citywide arrangements from the Telangana Integrated Command and Control Centre (TGICCC) in Banjara Hills, where he monitored live visuals of procession routes and traffic movement along with senior officials from various departments. Of the 14,850 idols registered through the city's geo-tagging application, around 10,300 had been immersed by Friday, leaving about 4,500 for completion. The Commissioner

said coordinated efforts were under way to expedite the remaining process while maintaining public safety and traffic flow. The processions involving the Khairatabad and Balapur Mahaganapatis, besides idols from the Old City, Rajendranagar and Golconda areas, were moving without major disruption. Nearly 10,000 CCTV cameras, drones and specially equipped surveillance vehicles were being used to keep a real-time watch on the city. More than 30 heavy cranes, along with additional cranes and baby ponds, were deployed around Hussainsagar to speed up the immersion process. Traffic diversions on Telugu Talli flyover, Tank Bund, NTR Marg and Necklace Road were being managed under the supervision of senior police officers. Sajjanar said the presence of senior officials from departments including GHMC, electricity, TSRTC, medical and health, and Roads and Buildings had enabled quick response to issues arising on the ground. He appreciated police personnel and NSS volunteers for their services during the arrangements and thanked TGICCC Director V.B. Kamalasan Reddy and his team for coordinating the monitoring operations. TGICCC officials and senior representatives of various departments were present during the review.

Comprehensive plans should be prepared through village resource maps for the comprehensive development of gram panchayats:- Yadadri Bhuvanagiri District In-charge Collector Bhaskar Rao

“(Yadadri Bhuvanagiri District Bureau.. Indian Chronicle.. September 25):- In-charge District Collector Bhaskar Rao said that comprehensive plans should be prepared through village resource maps for the comprehensive development of gram panchayats. On Friday, in the Collectorate meeting hall, under the auspices of the District Rural Development, under the auspices of the VGPP Gram Sabhas, the District In-charge District Collector Bhaskar Rao participated in an awareness program on the preparation and implementation of the Vikasith Gram Development Plan for the Sarpanches of the mandals and Gram Panchayat Secretaries of the district. Speaking on this occasion, the District Collector in-charge suggested that high priority be given to water conservation, groundwater augmentation, and works to deal with drought conditions. “He said that the available social, economic, infrastructure, and human resources for the comprehensive development of gram panchayats should be identified and comprehensive plans should be prepared based on them. He said that 125 days of work should be effectively implemented for 375 works under the VBG-RAM scheme according to the needs of the villages. He said that the plans should be presented to the people in the gram sabhas to be held on October 2 and the works should be implemented after getting their approval. He suggested that preventive measures should be taken to prevent drinking water problems in the future in the context of low rainfall this year. He said that in addition to increasing groundwater, works related to water conservation should be identified and implemented more in the developed gram panchayat plan. He

said that farm ponds and inkudu pits should be dug. “He suggested that the works generally undertaken under the employment guarantee scheme should be designed according to local needs, and priority should be given to works that are useful for water conservation, groundwater augmentation, and village infrastructure development. “He said that as part of the developed Gram Panchayat plan, the resources of the Gram Panchayat should be identified in the form of a map and the development works to be undertaken according to local needs should be scientifically selected. Just as three-year development plans were prepared in the past, plans should now be prepared more comprehensively and with a technical approach under the developed Gram Panchayat program. In addition to designing the works normally undertaken under the Employment Guarantee Scheme according to local needs, it was suggested that priority should be given to works useful for water conservation, groundwater augmentation, and village infrastructure development. “He suggested that special priority should be given to sanitation management in the village panchayats. He said that villages can be kept clean only with the participation of all the people. The Collector made it clear that instead of having a single plan for each village, the works should be selected according to the geographical conditions of the respective villages, water availability, agricultural needs, the impact of rainfall, and the problems of the people. He suggested that the officers and public representatives should prepare the developed village panchayat plan technically and comprehensively at the panchayat level and undertake the identified works in order of priority and work for the comprehensive development of the villages. The Sarpanches and Panchayat Secretaries were thoroughly explained and made aware of the various works undertaken under the developed village panchayat plan through a power point presentation. Deputy Commissioner PMO Saritha, ZP CEO Shobharani, District Rural Development Officer Nagi Reddy, Additional DRDO Suresh, Deputy CEO Srinivas, APD Naveen, District Resource Person Rajasekhar, district level officers, sarpanches, mandal level officers, panchayat secretaries and others participated in this program.

Inspired by Telangana warrior Ilamma, the People's Government Committed to Social Justice : CM Revanth Reddy

““Hyderabad: “Honourable Chief Minister Shri A Revanth Reddy paid rich tributes to Chakali Ilamma, a warrior of the Telangana Armed Struggle and a symbol of self-respect for the downtrodden and weaker sections. “The Chief Minister said that the struggle waged by Ilamma against oppression and exploitation—fighting for land, livelihood, and rights—remains a big inspiration for the entire Telangana society. Ilamma laid a strong foundation for social justice, equality, and self-respect which serves as ideals for the present generation. “On the occasion of her 131st birth anniversary, the CM affirmed that the people's government, drawing inspiration from Ilamma, is according top priority to the upliftment of Backward Classes (BCs), the poor, women, and marginalized communities. “CM Revanth Reddy remembered Telnagana warrior Ilamma waged a valiant battle against the tyranny of the feudal lords on Telangana soil 180 years ago. The statue of 'Telangana Talli' (Mother Telangana) was designed drawing inspiration from heroic women like Sammakka-Saralamma and Chakali Ilamma, the Chief Minister said, highlighting that the Women's University in Koti was named after Ilamma in memory of her fight for social justice. The courage and fighting spirit demonstrated by Ilamma and other heroic women of Telangana serve as an inspiration for future generations as well. “The CM noted that the government was taking measures to ensure better education for BC students and improved facilities in residential schools and hostels, alongside initiatives for the economic empowerment of youth and women. The Chief Minister emphasized that providing equal opportunities, dignity, and justice to every section of the society is a befitting tribute to Chakali Ilamma.

Make in India Marks 12 Years, PM Modi Highlights Growth in Manufacturing and Exports

““New Delhi “25 Sept 2026 “Indian Chronicle ““India's push towards indigenous defence manufacturing and technological self-reliance is gaining increasing prominence, with domestically developed and manufactured defence platforms showcasing the country's expanding capabilities across air, land and maritime domains. ““Visuals highlighting fighter aircraft, missile systems and other defence technologies underline the broader “Make in India” effort aimed at strengthening domestic manufacturing and reducing dependence on imported defence equipment. ““India has been expanding its defence-industrial ecosystem through greater participation by domestic public-sector organisations, private companies, start-ups and research institutions. The focus includes indigenous design, development and production of aircraft, missiles, naval systems, electronic warfare equipment, drones and other advanced technologies. ““The growing emphasis on domestic production is also intended to develop local supply chains, encourage technological innovation and create opportunities for skilled employment while meeting the requirements of the armed forces. ““The footage released by PM Modi accompanying the message portrays modern military platforms alongside the words “Make in India,” reflecting the theme of technological capability and indigenous manufacturing. ““As India continues to invest in defence research and manufacturing, indigenisation remains an important component of the country's broader strategy to build domestic industrial and technological capacity in strategically important sectors.

Addressing the Silent Burden of Nerve Pain: Hyderabad Doctors Highlight Early Intervention During Global Pain Awareness Month

“““Hyderabad: “““Long sitting hours, high-stress desk environments, and minimal physical activity are increasingly contributing to nerve-related discomfort among Hyderabad's working population. This Pain Awareness Month, medical specialists in the city are drawing attention to an uptick in sciatica, neck-to-arm radiating pain, and early-stage neuropathic discomfort among young and mid-career professionals. ““The discussion coincides with the International Association for the Study of Pain (IASP) designating 2026 as the Global Year for

Neuropathic Pain, aimed at closing diagnostic and treatment gaps for nerve disorders worldwide. In metropolitan centres like Hyderabad, these challenges often manifest as radiating lower back pain dismissed as muscle strain, or hand and neck tingling attributed to routine fatigue. Furthermore, data from the landmark ICMR-INDIAB study indicates that urban India faces a significantly higher prevalence of diabetes than rural regions, creating a dual risk profile where metabolic nerve sensitivity overlaps with posture-induced nerve compression. ““Dr. P. S. Vijayender Goud, Pain and Palliative Care Specialist, Renova BIBI Cancer Hospital – Hyderabad, notes: “When pain radiates down an arm or leg, or is accompanied

by burning sensations or numbness, it usually points to nerve involvement rather than simple muscle tiredness. Extended static posture weakens stabilising core musculature and increases pressure on lumbar and cervical discs. We are increasingly seeing conditions like sciatica and cervical radiculopathy in individuals in their late twenties and thirties. Early clinical assessment, physical therapy, ergonomic corrections, and structured medical care for pain management are essential to prevent long-term functional impairment.”

Mascarenhas Reels In Kadur to Win Rally of Coimbatore by 23 Seconds as INRC Round 2 Is Settled in the Gravel Dust

“Hyderabad:” “The FMSCI Indian National Rally Championship (INRC) 2026 arrived in Coimbatore for Round 2, and the gravel roads around the city gave it a finish worth the journey. The Blueband Sports Rally of Coimbatore was contested on September 19 and 20 by 64 competitors. “Eight runs, two stages, one long argument” Over two days the crews faced eight stage runs and 110.80 km of competitive distance, almost entirely on gravel. Saturday’s loop ran Black Thunder (13.50 km) and S.M. Agro (14.20 km) twice each. On Sunday the same roads came back in reverse, as S.M. Agro (R) and Black Thunder (R), so crews had to read familiar ground from the other direction. “Saturday belonged to Karna Kadur and Musa Sherif of ARKA Motorsports. The former National champion was quickest of the leading pair on both of the opening stages and ended the day at the head of the field. Close behind came Fabid Ahmer and Milen George, 5.6 seconds back. Dean Mascarenhas and Gagan Karumbaiah were third, just over nine seconds adrift, with plenty of road left. “Sunday brought the turn. On S.M. Agro (R) Mascarenhas took nearly nine seconds from Kadur and moved past Ahmer. The gap to the leader shrank to 0.148 seconds, smaller than a blink. On Black Thunder (R) he found a rhythm Kadur could not answer, taking more than 14 seconds in a single run. Mascarenhas was the faster of the two on every stage from SS3 onward, and he crossed the line in 1:36:19.777, 23.482 seconds clear. Kadur, the former National champion, never stopped pushing, and finished second in 1:36:43.259. “Dean Mascarenhas said, “Karna and Musa set a really strong pace on Saturday, so we knew we had to stay patient and keep chipping away. Being nine seconds down overnight wasn’t a bad place to be, because there was a lot of road left. On Sunday we found our rhythm, and once we got going on Black Thunder (R) we just kept pushing. It was a proper fight with a great competitor, and I’m delighted to take the win in Round 2.”
