AIMIM Karimnagar town unit calls on Police Commissioner, civic chief

Newly constituted committee seeks coordination with authorities on civic issues and public welfare.

Karimnagar October 13, Khaja Sikandar Mohiuddin (Correspondent): The newly constituted Karimnagar town committee of the All India Majlis-e-Ittehadul

Muslimeen (AIMIM), led by its president Mohammed Atheef (Atina), called on Police Commissioner Gaush Alam and Municipal Commissioner Praful Desai.

The delegation, acting on the directions of AIMIM president and Hyderabad MP Asaduddin Owaisi and under the guidance of party's Karimnagar in-charge Yasar Arafath, expressed its willingness to coordinate with the police and civic administration in addressing public grievances and development-related issues.

Party general secretary Mohsin Mohiuddin, former Deputy Mayor Abbas Sami, joint secretaries Syed Barkath Ali, Azhar Dabeer, Khursheed and Khamar, Division 59 Corporator Majid Hussain, treasurer Syed Ibrahim and other executive members were present.

The committee said it would work towards addressing civic concerns and safeguarding public interests through continued engagement with the authorities.

Gangula demands regularisation of NHM contract employees

BRS will raise the issue in the Assembly and extend full support to the employees' demands, says Karimnagar MLA.

Karimnagar October 13, Khaja Sikandar Mohiuddin (Correspondent): Former Minister and BRS MLA Gangula Kamalakar has demanded that the State government immediately regularise the services of National Health Mission (NHM) contract employees who have been working in the Medical and Health Department for nearly two decades.

Extending solidarity with employees protesting under the banner of the NHM Joint Action Committee (JAC) in front of the District Secretariat here on Tuesday, Mr. Kamalakar said the BRS would stand by them in their struggle for regularisation.

He said nearly 17,000 contract employees were working across Telangana, including around 500 in Karimnagar district, and argued that regularising their services would not impose a significant financial burden on the government.

It was unfortunate that employees who had rendered healthcare services for nearly 20 years continued to face uncertainty over their employment, he said, urging the government to recognise their experience and seniority instead of resorting to fresh recruitment without addressing their demands.

Stressing the need to strengthen public healthcare, he said regularisation of contract staff and extending service benefits to them would help improve healthcare delivery. He also urged the government to take effective measures to contain seasonal fevers, dengue, swine flu and other infectious diseases.

Mr. Kamalakar criticised the government over the alleged delay in completing development projects in Karimnagar, including road works, the cable bridge, riverfront development and the TTD temple. He also sought immediate attention to civic issues such as street lighting and drinking water supply.

Assuring the protesters that he would raise their demands in the forthcoming Assembly session, he said a meeting with BRS working president K.T. Rama Rao would be facilitated during the latter's scheduled visit to Ramagundam on Wednesday.

NHM JAC district president E. Ramesh, vice-president Md. Khaleeq, working president Dr. Venkatesh, joint secretary K. Ramesh, district coordinator S. Sagar and other healthcare personnel participated in the protest.

Collector directs officials to expedite housing, land resurvey works Chitra Mishra reviews development and welfare schemes in Huzurabad constituency.

Karimnagar October 13, Khaja Sikandar Mohiuddin (Correspondent): District Collector Chitra Mishra has directed officials to expedite the implementation of development and welfare schemes, with particular emphasis on completing Indiramma housing works and conducting the land resurvey in coordination with the departments concerned.

Reviewing the progress of development and welfare programmes in the Huzurabad Assembly constituency at the Integrated District Offices Complex (IDOC) on Tuesday night, she stressed the need for effective field-level monitoring to ensure that the benefits of government schemes reached all eligible beneficiaries.

Ms. Mishra instructed officials to complete the construction of houses sanctioned under the first phase of the Indiramma housing scheme on a war footing and take steps to commence construction of houses sanctioned in the second phase at the earliest. The departments concerned should coordinate to ensure

that eligible beneficiaries faced no difficulties in accessing the scheme's benefits, she said.

The Collector called for a systematic and meticulous land resurvey to help resolve land-related disputes. She directed the Revenue and Agriculture Departments to work in coordination with village-level staff to ensure the smooth conduct of the exercise.

Farmers should be informed in advance about the objectives and procedures of the resurvey, and their doubts and concerns addressed, she said, adding that all departments should work together to complete the exercise in accordance with the prescribed procedures.

She also directed officials to expedite the disposal of applications relating to Sada Bainama (unregistered land transactions) under the Bhu Bharati initiative, without allowing them to remain pending.

Ms. Mishra emphasised the need to prioritise the resolution of land-related grievances and improve public service delivery. Officials were also asked to create awareness about government development and welfare programmes and ensure that eligible people received the intended benefits.

Additional Collector (Revenue) D. Srinivas Reddy, District Revenue Officer Swamy, Revenue Divisional Officer Jalakumari, Mandal Parishad Development Officers, Tahsildars and other officials attended the meeting.

Farmers must be supported by providing 18 hours of quality power to paddy fields that are drying up due to the El Niño effect and severe water scarcity: CPM State Committee members Kondamadugu Narasimha and Battupalli Anuradha.

"CPM demands withdrawal of the proposal to hike electricity charges.""(Yadadri Bhuvanagiri District Bureau – Indian Chronicle – October 13): CPM State Committee members Kondamadugu Narasimha and Battupalli Anuradha demanded that the government immediately provide 18 hours of quality electricity to farmers, noting that the farming community is facing severe hardships due to power cuts and the impact of El Niño. They urged the government to drop the proposal to increase electricity charges. On Tuesday, a protest (dharna) was held in front of the local Electricity Department Divisional Engineer's (DE) office under the auspices of the CPM Bhuvanagiri Mandal and Town committees. After submitting a representation detailing their grievances to the officials, the leaders expressed concern that, with the monsoon season drawing to a close amidst a rainfall deficit, groundwater levels have plummeted and borewells have dried up; consequently, paddy crops are withering away right before the farmers' eyes due to a lack of irrigation water. They criticized the government for subjecting farmers to further distress through unannounced power cuts instead of standing by them during such a crisis. They demanded that the government respond immediately and provide 18 hours of quality, free electricity to save crops that are withering. They criticized the move to burden the public with additional charges at a time when farmers are already struggling due to the impact of El Niño, lacking both water resources and electricity. They noted that the Telangana Electricity Regulatory Commission (ERC) recently permitted DISCOMs to collect ?7,635 crore in 'true-up' charges. While the state government is bearing the ?2,215 crore share related to agricultural electricity, they condemned the decision to pass the remaining additional burden of ?5,420 crore onto domestic and commercial consumers. The losses incurred by power utilities over the past few years—driven by the costs of imported coal and fuel—are effectively being forcibly imposed on the common people. They stated that poor and middle-class families would be the hardest hit by this hike, with the burden taking effect starting from the upcoming bills. It appears that an additional 30 paise per unit is being collected in the November bill, with a further increase of 50 paise per unit planned for the December bill. They urged the government to take immediate action in light of the El Niño crisis by preventing power cuts, ensuring adequate irrigation water, and withdrawing the proposed hike in electricity charges. Vanam Raju, Annampatla Krishna, and Kondamadugu Nagamani are serving in their respective roles, alongside town and mandal committee members Kondapuram Yadagiri, Madhyapuram Bal Narasimha, Bollepalli Leela, Valdasu Anjaiah, and Chintala Shiva, as well as leaders Jitta Anji Reddy, Narala Chandrayya, Irla Ramulu, Gundeboyina Danaiah, and Manne Raju.
