Gangula leads farmers' protest at SRSP canal, secures release of 300 cusecs of water

Karimnagar MLA alleges discrimination in irrigation water distribution; warns of intensified agitation if supply is disrupted..

Karimnagar October 14, Khaja Sikandar Mohiuddin (Correspondent): Former Minister and BRS MLA Gangula Kamalakar staged a protest along with farmers at the Sri Ram Sagar Project (SRSP) D-86 canal, demanding immediate release of irrigation water to protect standing crops in the Karimnagar and Choppadandi Assembly constituencies.

Mr. Kamalakar drove a tractor carrying farmers from Choppadandi cross-roads to the canal, where protesters raised slogans demanding their rightful share of irrigation water

Tension prevailed when the MLA threatened to jump into the canal from a bridge if officials failed to release water. He subsequently held discussions with police and irrigation officials, following which the regulatory gates were lifted and motors operated to release 300 cusecs of water downstream.

Accusing the authorities of discrimination in water distribution, Mr. Kamalakar questioned why farmers in Karimnagar and Choppadandi were being deprived of irrigation water while supplies were being maintained to the Peddapalli region.

"Do only farmers in Peddapalli have crops? Are our farmers not entitled to water?" he asked.

He said inadequate supplies to the D-83 and D-86 canals had put standing crops at risk and demanded equitable distribution of water, ensuring that it reached the tail-end ayacut.

Maintaining that farmers were seeking only their rightful allocation and not additional water, he urged the Collectors of the two districts to coordinate irrigation releases. He warned of a larger agitation if the present supply was discontinued.

Former MLA Sunke Ravi Shankar criticised the Congress government for its alleged failure to effectively utilise the Kaleshwaram project and address farmers' irrigation needs.Several BRS leaders, including Karimnagar PACS chairman Pendyala Shyam Sunder Reddy, and a large number of farmers participated in the protest.

Karimnagar civic body buys machinery for Rs 1 crore to improve sanitation

Biomining of legacy waste worth Rs 17 crore to begin soon; Rs 80 crore proposed for waste-processing unit.

Karimnagar October 14, Khaja Sikandar Mohiuddin (Correspondent): The Karimnagar Municipal Corporation has purchased a JCB and a ladder machine at a cost of ?1 crore to strengthen sanitation operations and improve civic services across the expanding city.

Mayor Kolagani Srinivas inaugurated the equipment at the corporation office premises on Wednesday in the presence of Deputy Mayor Yadagiri Sunil Rao, Municipal Commissioner Praful Desai and corporators. The Mayor and Deputy Mayor also operated the machines to inspect their functioning.

Mr. Srinivas said the corporation was strengthening its machinery fleet to meet the growing demands of sanitation, streetlight maintenance and other civic services following the merger of several villages into the municipal limits. The corporation had earlier purchased two fogging machines and 66 tricycles, and was planning to acquire two more Vaikuntha Rathams (funeral vehicles), sweeping machines and a dozer.

Reiterating the corporation's commitment to resolving the long-pending dumping yard problem, the Mayor said a biomining project worth ?17 crore under the Swachh Bharat Mission would be launched shortly to clear the legacy waste accumulated over five decades.

Around 150 metric tonnes of waste reaches the dumping yard every day, while nearly five lakh metric tonnes of waste is estimated to have accumulated at the site. Of this, approximately two lakh metric tonnes has been processed through biomining, he said.

The corporation had recently inspected the site and taken preventive measures to address smoke and fire incidents, he added.

Mr. Srinivas said proposals worth ?840 crore had been prepared under the Urban Challenge Fund with the support of Union Minister of State for Home Affairs Bandi Sanjay Kumar, and the tendering process had been completed. An allocation of ?80 crore had been proposed under the scheme for a waste-processing unit to address the dumping yard problem.

Work under both initiatives would begin shortly, enabling the corporation to tackle the accumulated waste through biomining and scientific processing. A substantial improvement in the situation was expected within a year, though the clearance process would continue, given the volume of legacy waste.

The Mayor said the corporation was committed to improving basic infrastructure across all 66 divisions and developing Karimnagar into a model city. He appealed to residents to cooperate with the authorities while the dumping yard was being cleared.

Corporators, municipal officials and staff attended the programme.

Special voter enrolment drive on October 15, 16 in Karimnagar

Collector urges eligible citizens to verify their names in draft electoral rolls and submit applications for additions and corrections.

Karimnagar October 14, Khaja Sikandar Mohiuddin (Correspondent): District Collector Chitra Mishra has appealed to all eligible citizens to make use of the special voter enrolment drive scheduled for October 15 and 16, in accordance with the directions of the Election Commission of India (ECI).

In a statement issued on Wednesday, the Collector said Booth Level Officers (BLOs) would be available at all polling stations across the district on both days to facilitate new registrations and corrections to the electoral rolls.

She urged citizens who have attained the age of 18 but are yet to enrol as voters to utilise the opportunity. Existing voters should verify their names and particulars in the draft electoral rolls and submit applications for corrections, wherever necessary.

Applications for inclusion and deletion of names, change of address and rectification of other details can also be submitted during the drive.

Ms. Mishra directed the Booth Level Agents (BLAs) concerned to remain available at polling stations and coordinate with BLOs in scrutinising the draft electoral rolls. Officials were instructed to identify discrepancies and initiate corrective measures in accordance with the ECI guidelines.

Emphasising that the right to vote was fundamental to democratic participation, the Collector called upon citizens to verify their electoral details and ensure that no eligible person was left out of the voters' list.

Karimnagar civic body trains staff in e-Office system

Digital workflow aimed at improving transparency and expediting file disposal.

Karimnagar October 14, Khaja Sikandar Mohiuddin (Correspondent): The Karimnagar Municipal Corporation conducted an online training programme on the implementation of the e-Office system on Wednesday to improve administrative efficiency, enhance transparency and expedite the processing of official files.

The training was organised under the supervision of Municipal Commissioner Praful Desai, with officials and employees participating in a session conducted through Zoom by the Directorate of Municipal Administration (CDMA) office in Hyderabad.

G. Malathi, e-Office Project Associate at the CDMA office, explained the procedures involved in digital file management and provided practical guidance to the participants.

The training covered the creation of new electronic files, scrutiny of applications, attaching receipts and supporting documents, recording file notings, drafting letters, memoranda and circulars, and forwarding files to higher authorities for approval. Participants were also familiarised with digital signatures, e-filing, tracking file status and monitoring the movement of files between departments.

The session also highlighted the use of the system to facilitate the speedy disposal of applications for civic services.

The officials said the adoption of e-Office would streamline routine administrative procedures, improve accountability and make file processing more transparent. The digital workflow is also expected to help officials track pending files, minimise delays and improve the delivery of municipal services to citizens.

Additional Commissioner Ayaz, Deputy Commissioners Khader Mohiuddin and Venu Madhav, Assistant Commissioner Rajamanohar, and employees from various departments attended the session at the corporation's conference hall.
